“ Discovered this unfortunate news today. Our prayers are with Julie and the family. I got out of bike racing some years back but always enjoyed racing and talking with Shawn. I'll never forget this time at Orangeburg, we were lined up, made the hit, I had him out of the hole with my bar bike, but he was reeling me in hard. After the pass, I jokingly asked him what about the other guys who need some nitrous, because he must've used all that there was, leaving none for anyone else. He just laughed and said "What nitrous?" I really liked Shawn and am torn about his early departure.

“ The three amigos we were back in the day. It saddened my heart hearing of his passing. We had lost touch over the years but always picked back up when we ran into each other. The memories have been flahing back this week as i think about our childhood. We did a lot a stupid things but we did them together. We will see each other again. God bless God speed and much luv brother.

“ Our condolences to Julie and the Walker and Welch families. We have fond memories of racing together for many years. Shawn was always competitive but at the same time would offer encouragement to us. Our prayers are with you Julie and we pray that you receive the strength to endure. Jimmy and Bobbie Cook

“ I raced with and against Shawn. We had always intended to get together and race our fast no-bar bikes to give everybody a great show. We never did. We both thought we had time. Rest in heaven big dog. We'll see each other again...
